1. Enclosed is a letter from Esmeralda S. Cunanan, Executive Director, Philippine-American Educational Foundation (PAEF), announcing the start of the competition for the 2015-2016 Fulbright-Philippine Agriculture Scholarship Program (FPASP) for advance research awards in agriculture and fisheries in the United States.
2. For more information, please refer to the attached communication or visit the PAEF website www.fulbright.org.ph.
3. For information and wide dissemination.

ARDEN D. MONISIT, Ed.D.
Schools Division Superintendent

RD2014-729

17 - Jan

January 15, 2014

Dr. Carmelita T. Dulangon
OIC - Regional Director
Department of Education - Region VIII
Sudlon, Lahug
Cebu City

Dear Dr. Dulangon:

The Philippine-American Educational Foundation (PAEF, also referred to as the Fulbright Commission in the Philippines) is pleased to announce the start of the competition for the 2015-2016 Fulbright-Philippine Agriculture Scholarship Program (FPASP) for advanced research awards in agriculture and fisheries in the United States. Applications for these grants will be received by PAEF until June 30, 2014.

We very much appreciate the assistance you extended to PAEF in previous Fulbright scholarship competitions. We request that you help us again in this year's competition by encouraging qualified applicants from your department/agency/unit to apply for the FPASP for advanced research in agriculture and fisheries.

The Fulbright-Philippine Agriculture Scholarship Program (FPASP) aims to modernize the agriculture and fisheries sectors of the Philippines by developing their human resource base through bilateral educational exchanges between the U.S. and the Philippines. The objective of the grant is not only to enable recipients to pursue particular fields of study/research but also to develop leaders in agriculture and fisheries who can contribute to promoting better understanding between the Philippines and the United States. Awards are made through open competition based on individual merit without regard to race, color, gender, or creed. Under the 2015-2016 program, awards are given to Filipino professionals, researchers, faculty, or doctoral students specializing in agriculture, fisheries and forestry fields to **conduct advanced research or non-degree doctoral dissertation research in the United States.**

May we request you to share this information to interested qualified applicants. The attached application form can be photocopied. Additional competition materials may be obtained directly from the PAEF office or can be downloaded from the PAEF website www.fulbright.org.ph. We strongly encourage interested applicants to check our website and to download the required form.

Thank you.

Sincerely,

Esmeralda S. Cunanan
Executive Director
