DIVISION MEMORANDUM

No. 170, s. 2016

**PARTICIPATION OF SELECTED TVL TEACHERS TEACHING CROP PRODUCTION IN
THE 2016 TRAINING ON CLIMATE SMART AGRICULTURE (CSA) UNDER THE
PHILRICE INFORMEDIARY MODULE AT PHILRICE CENTRAL
EXPERIMENT STATION, NEUVA ECIJA**

**To: Assistant Superintendents
Education Supervisors/Coordinators
Secondary School Heads**

1. Attached is Regional Memorandum No. 0216 dated April 2, 2016 entitled “**Participation of Selected TVL Teachers Teaching Crop Production in the 2016 Training on Climate Smart Agriculture (CSA) Under the PhilRice Informediary Module at PhilRice Central Experiment Station, Nueva Ecija**”, for information and guidance of all concerned.
2. For details, refer to the attached communication.
3. Immediate and wide dissemination of this Memorandum is desired.

REGIONAL MEMORANDUM

No. 0216, s. 2016

**PARTICIPATION OF SELECTED TVL TEACHERS TEACHING CROP PRODUCTION
IN THE 2016 TRAINING ON CLIMATE SMART AGRICULTURE (CSA) UNDER THE
PHILRICE INFORMEDIARY MODULE AT PHILRICE CENTRAL
EXPERIMENT STATION, NUEVA ECIIJA**

To: Schools Division Superintendents/OICs

Attention: Division TLE/TVE Supervisors/Coordinators

1. Attached is a letter from Asec. Elvin Ivan Y. Uy, Assistant Secretary for Curriculum and Instruction, DepEd-Central Office, informing the field on the conduct of training on CSA to 100 high schools with teachers teaching rice production. The Training will focus on the theme "Climate-Smart Agriculture (CSA) and Rice Production in three (3) batches. **First batch** is from April 11-15, **second batch** is on April 25-29 and **third batch** is on May 16-20, 2016 with 30 participants per batch. Training will be held at PhilRice Central Experiment Station, Maligaya, Science City of Munoz, Nueva Ecija.
2. For more details, refer to the attached communication.
3. Attendance of the teacher-participants to this training is subject to your discretion based on existing DepEd policies and guidelines.
4. This Memorandum will serve as their **Travel Order**.
5. For the information and guidance of all concerned.

Assistant Secretary for Curriculum and Instruction

MEMORANDUM

DM-CI-2016-00

FOR : Regional Directors
 Schools Division/City Superintendents
 Heads, Public High Schools

FROM : 
 ELVIN IVAN Y. UY
 Assistant Secretary for Curriculum and Instruction

DATE : March 23, 2016

SUBJECT : **Participation of Selected TVL Teachers Teaching Crop Production in the 2016 Training on Climate Smart Agriculture (CSA) under the PhilRice Informediary Module at PhilRice Central Experiment Station, Nueva Ecija**

Part of the Memorandum of Understanding between the Department of Agriculture and the Department of Education is the implementation of the Infomediary Campaign spearheaded by the Philippine Rice Research Institute (PhilRice) in collaboration with the Department of Education-Technical Vocational Unit now represented by the Bureau of Curriculum Development through the TLE Learning Area.

Since 2013, PhilRice has been providing training and technical assistance to secondary school agriculture teachers in teaching rice production. The infomediary Campaign has helped in bringing back the love for and science of rice farming among young people, and in convincing them to consider agriculture as their specialization or course in college. The campaign, through the students and teachers, has helped promote the use of cost-reducing and yield enhancing technologies in rice farming, not to mention those related to Climate-Smart Agriculture (CSA) as evidenced by farmer-adopters near the participating schools.

For 2016, the PhilRice will conduct training on CSA to 100 high schools with teachers teaching rice production. The Training will focus on the theme "Climate-Smart agriculture and rice production" in three (3) batches. First batch is from April 11-15. Second batch is on April 25-29 and third batch, May 16-20, 2016 with 30 participants per batch. Training will be held at PhilRice Central Experiment Station, Maligaya, Science City of Muñoz, Nueva Ecija.

All training expenses of official participants including board and lodging, supplies and materials, and other training expenses will be covered by PhilRice except for travel expenses which will be charged to their respective local funds.

Schools are enjoined to send teacher participants to this training. Please Contact Mr. Jaime A. Manalo IV, Campaign team lead through the email address, ja.manalo@philrice.gov.ph, or at mobile no. 09185679441, for further queries.

In view of the above, the concerned school heads are requested to identify and nominate new teachers to the said training on or before March 31, 2016, copy furnish the Bureau of Curriculum Development through the email address bsedirector@gmail.com or jocelyn.andaya005@deped.gov.ph.

Participants of this training are expected to integrate CSA competencies in Crop Production lessons starting school year 2016.

Attached is the invitation letter and the training design.

Immediate dissemination of this Memorandum is desired.

Informediary Training Course Sched

	1st day	2nd day	3rd day	4th day	5th day
6:30	BREAKFAST @ CAF 7:30:00 AM	6:00 Breakfast Land preparation (2 W tractor operation)	6:00 Breakfast 6:30 Field Work (Seedbed prep Modified Dapog Tech) Mechanical transplanter demo	6:30 Field Work (AESA data gathering)	
8:00	Registration & Individual Pit Taking	RECAP	RECAP	Presentation of AESA result	
8:30	Opening Program	Rice Morphology and growth stages (lecture/practicals)	Controlled Irrigation		Microteaching

PHILRICE CENTRAL EXPERIMENT STATION

15 February 2016

DIRECTOR JOCELYN DR. ANDAYA
Director III, Bureau of Secondary Education
Department of Education, Pasig City, Metro Manila

Dear Director Andaya:

This letter conveys two things: (1) update on the Infomediary Campaign implementation; (2) invitation for the upcoming training on climate-smart agriculture and rice production.

The Campaign is ongoing in 81 TecVoc high schools, most of which have been participating since 2012, including those that your office nominated last year. The Campaign promotes climate-smart rice production technologies.

From last year, we have managed to document quite a number of successful implementers in terms of the way they have integrated lessons on CSA in their curriculum up to some instances of technology adoption in their immediate communities. These success stories are available in our website: www.infomediaryad.com.

This April, we will again hold training programs for high school teachers. These will be on 11-15 April (First Batch), 25-29 April (Second) and 16-20 May (Third). Themed "Climate-smart agriculture and rice production", we usually have about 30 participants per batch.

To expand the reach of the Campaign, we are after a new set of 100 schools that will participate in the training. As in our previous training programs, please ask the participating schools to integrate the lessons from the training programs in their respective curriculum.

The currently participating schools will be asked to conduct Field Days, Infomediary Quiz Bees, and provide technical support on rice production as necessary. Also, we are to invite some of them to share lessons in implementing the Campaign during the training.

Mr. Jaime A. Manalo IV, Campaign team lead, would be delighted to respond to your queries. Email: jmanalo_iv@philrice.gov.ph, Mobile: 0918-5679441.

Thank you very much.

Very truly yours,

CALIXTO M. PROTACIO
Executive Director
