Ms. Juliet A. Jeruta  
Region VII DepEd Director

Dear Ms. Juliet Jeruta,

Compass Education is a non-profit company dedicated to boosting STEM Education in the Philippines. We do this by partnering with schools and other institutions in providing in-school, club and afterschool STEM programs.

We are pleased to host the 3<sup>rd</sup> Compass Education STEM-Robotics Cup in partnership with the Department of Science and Technology. Last year's event was a success with more than 28 private and public schools in attendance. In this regard, we would like to invite your students and staff to participate at this event as a competitor or as a guest.

As a competitor, there are many categories to choose from to showcase STEM innovative creations and solutions. Registration and more information are available at [www.mycompassedu.com](http://www.mycompassedu.com). Likewise, guests can also enjoy an interactive learning experience as they peruse the various entries in the creative categories or watch the exciting board games such as the famous "Sumobot". We especially want to encourage educators and other students to come and expand their STEM experience.

This event will be held on November 11 and 12, 2017 at SM Seaside. More information on the categories are outlined on the next page. For any questions and concerns, please call us at (032) 319-0640 or 0917-629-4942. Thank you.

Sincerely,

Joni Martinez  
Administrator

# The 3<sup>rd</sup> Compass Education STEM- Robotics Cup
