Synopsis

Angelic Productions and Films, presents "TEACHER". A full length independent film, produced by Filipino filmmakers through the inspiration of a fifteen year old (15) old script writer that tells of a story of an innocent, timid girl (Gena), a speech impaired child who became a victim of child abuse by her own parents but despite her lowly fate in life, she found hope and courage to reach her dreams in the love and acceptance of a teacher named Jane, who herself was inspired to face her past and overcome her fears as she witnesses the innocence and humility of the little child.

A film that vividly portrays the social ill of child abuse in the midst of the apathy of society with emphasis on the solemn role of our mentors and educators as second parents, especially where real parents fail to live up to their parental obligation. A tribute to our teachers who selflessly sacrifice to lay down the foundations of knowledge, values, and the Christian faith in the classrooms in the effort to build an educated, strong, and good society.

A life changing story and portrayal of abuse, forgiveness, humility, hope and the revelation of the love of God in the heart of a child.

The film is highly recommended as an educational tool for Elementary to College students in the hope that it will raise awareness and vigilance from the educational sector against child abuse and the protection of the rights if a child.
